Proclamation 8564 of September 17, 2010

National Employer Support of the Guard and Reserve Week, 2010

*By the President of the United States of America
A Proclamation*

Since our Nation's founding over 200 years ago, patriotic Americans have answered the call of duty when our country has needed it most. As family members, employees, and leaders in their communities, members of the National Guard and Reserve give of themselves at home and abroad to preserve the American way of life. These dedicated citizens leave the comfort of their civilian lives to wear the uniform of the United States, protect our freedoms around the world, and serve within our borders during times of peace as well as turmoil. As we celebrate National Employer Support of the Guard and Reserve Week, we honor those who serve in the National Guard and Reserve, and we give thanks to their employers, whose support and encouragement is critical to the strength of our Armed Forces.

Making up nearly half of our military force, the men and women in the National Guard and Reserve play a vital role in our national defense. Throughout the year, they train and prepare for new challenges faced in missions at home and across the globe. Whether providing assistance in response to natural disasters and emergencies, helping secure our borders to protect our homeland, or fighting on the front lines to defend our freedom, these gallant service members are willing to pay the ultimate sacrifice in the service of others. Their dedication commands the admiration of us all as they balance the demands of civilian and military life.

During this week, we pay special tribute to the employers of our Guardsmen and Reservists, whose support and flexibility bolster the contributions of these brave men and women. Through accommodating personnel policies that encourage National Guard and Reserve participation, and by bearing financial and organizational responsibilities, these employers ensure that our troops are mission-ready when they are activated, and that their families will have the support they need before and after their loved ones' mobilization.

Our Nation has always relied upon the service of citizen-soldiers to protect our lives and liberties. During National Employer Support of the Guard and Reserve Week, we recognize both the exceptional spirit of service that characterizes these individuals, and their employers'

commitment to maintaining the safety and security of the United States by caring for those who defend it.

NOW, THEREFORE, I, BARACK OBAMA, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim September 19 through September 25, 2010, as National Employer Support of the Guard and Reserve Week. I call upon all Americans to join me in expressing our heartfelt thanks to the members of the National Guard and Reserve and their civilian employers. I also call on State and local officials, private organizations, and all military commanders, to observe this week with appropriate ceremonies and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this seventeenth day of September, in the year of our Lord two thousand ten, and of the Independence of the United States of America the two hundred and thirty-fifth.

National Farm Safety and Health Week, 2010

*By the President of the United States of America
A Proclamation*

Every day, the lives of Americans are touched by the hard work and dedication of our Nation's farmers, ranchers, and farmworkers. The food they produce through their tireless efforts fuels our Nation, nourishes our bodies, and sustains millions at home and around the globe. As we celebrate National Farm Safety and Health Week, we recognize the tremendous contributions of these individuals and rededicate ourselves to ensuring their safety and health at all times.

Our farmers, ranchers, farmworkers, horticultural workers, and their families and communities are among the most productive in the world. Our agriculture industry employs only a tiny percentage of the United States workforce, yet its yield is worth billions of dollars a year and supports the growth and development of the American economy. Agricultural producers are stewards of our natural resources and precious open spaces, and they are playing a key role in developing renewable energy and moving America towards energy independence.

To safely continue this important work, those in the agriculture sector must take special precautions in their daily tasks. Despite the great advancements in modern agriculture, farming remains a labor-intensive and sometimes dangerous occupation. America's agricultural producers work in harsh weather conditions, handle dangerous chemicals and materials, and operate large machinery and equipment. I encourage these individuals and their families to conduct regular training on respiratory protection; proper handling and usage of pesticides and other hazardous materials; the inspection, maintenance, and safe operation of machinery and other equipment; and emergency response and rescue procedures. Additionally, farms and ranches with children or nov-
